

TAFE NSW Degrees

Get the foundational skills and knowledge you need to work in industry and graduate with a qualification that will change your future.

- **Excellent reputation:** Learn from qualified, friendly, and industry-experienced teachers.
- **You are an individual:** Enjoy smaller class sizes, where you are treated as more than just a number.
- **You come first:** We create outstanding learner experiences and personalised support.
- **Strong industry connections:** We partner with organisations and develop our degrees in consultation with industry to ensure currency and relevance.
- **Quality education:** Graduate with a TESQA accredited higher education qualification.
- **Job ready graduates:** Gain valuable hands-on experience in work placements and internships.

Recognition for previous studies

If you have completed other studies in a related field or have extensive relevant industry experience, you may be eligible for exemption from similar subjects in the degree program you enrol in. All applications for exemption must be made to the course coordinator and must include supporting documentation.

Admission requirements

To be eligible for admission into an undergraduate degree program, you must satisfy at least one of the following four minimum entry requirements:

- NSW HSC or equivalent, or
- Recognised Tertiary Preparation Certificate, or
- Certificate IV level or higher vocational qualification, or
- Completion of at least one-year full time study or equivalent in a degree course at a higher education institution.

You do not require an Australian Tertiary Admission Rank (ATAR) for admission. Some courses have additional specific entry requirements.

If you do not satisfy the above minimum eligibility requirements, you can apply for entry into a course under special admission provisions including mature age and disadvantage. You will be required to submit documentation to support your application for special admission.

Key dates

Semester 1: 12 February 2024 to 7 June 2024*

Semester 2: 29 July 2024 to 22 November 2024*

Discover our degrees

- Diploma of Sustainable Practice

The teachers I've had come from industry with years of experience. They are definitely "givers", amazing human beings that share what they have learned. It's not just acquiring technical skills, it's also learning from their integrity, perseverance, and resiliency.

Maria, 2023 Interior Design student

Microcredentials

Microcredentials provide you with an affordable and fast way to sharpen your skills and knowledge with relevant, targeted training.

Undergraduate Certificates

Upskill and set yourself up for success with an Undergraduate Certificate.

Explore our Undergraduate Certificates: tafensw.edu.au/degrees/higher-education-short-courses

Tuition fees

Tuition fees vary between courses, are reviewed annually and are subject to change. Subject tuition fees payable by the student are the fees valid for that semester, and not the tuition fees that were in place the first time the student enrolled. Additional fees may be payable for equipment and resources.

Domestic students

Domestic students pay tuition fees each semester on a 'per subject basis', i.e. fees are only due for subjects you are enrolled in for that semester. Domestic students must pay their tuition fees by census date.

Eligible students can take out a FEE-HELP loan to pay their tuition fees, allowing them to 'study now, and pay later.'

FEE-HELP is an Australian government student loan scheme. More information about FEE-HELP, including eligibility criteria, is available online at studyassist.gov.au/help-loans/fee-help

International Students

Information for international students is available at: tafensw.edu.au/international/study/courses/degrees

How to apply and enrol

Your application must be received by the closing date indicated. Late applications will only be accepted if places in the course are still available. Apply now:
